Nutritional Information

Nestlé Goods brought into the UK direct by retailers

Nestlé UK Ltd is part of a large international company, which produces many different products world-wide. As a recipient of the enclosed nutritional information list you will be aware of our commitment to provide up to date and correct information about our products.

Recently some UK retailers have been importing Nestlé products from both Europe and other countries without our knowledge and as a result we are unable to guarantee that these imported Nestlé products are suitable for you to consume. While appearing to be superficially similar to their UK counterparts, there are often recipe and production differences according to the country of origin.

For your own safety, please check the label of the product that you have purchased – even if you have eaten the product before
